

Under the title Office of Resource Management (HAU4) revise item (10) as follows: (10) monitors financial programs and provides policy and direction for the contract, grant, loan, debt management, and logistics programs of the PHS to assure a coordinated effort toward achieving the goals and objectives established by the Assistant Secretary for Health;

Under the title Division of Grants and Contracts (HAU42) delete the statement and substitute the following:

Division of Grants and Contracts (HAU42)

In the areas of contracts, grants, loans, debt management and logistics, the Director of the Division of Grants and Contracts: serves as the principal advisor within PHS for developing policies, guidelines, and procedures; provides leadership and direction for the optimum utilization of contracts, grants, and loans, as well as the debt management and logistics programs of PHS; reviews and evaluates the effectiveness of established policy and procedures and recommends improvements; provides liaison for PHS with the Office of the Secretary, other Government agencies, and the private sector.

Under the title and statement for the Office of Organization and Management Systems (HAU2), after the title for the Division of Systems Management and Improvement (HAU), delete "forms, and" in item #4 and delete "(a) PHS forms;" in item (6) and restate the remaining items as (a) through (f) in item (6).

Under Chapter HA, Section HA-30, Delegations of Authority, add the following:

All delegations and redelegations of authority to officers and employees of the OASH which were in effect immediately prior to the effective date of this changes will be continued in effect in them or their successors, pending further redelegations, provided they are consistent with these changes.

Dated: April 30, 1995.

Anthony L. Itteilag,

Deputy Assistant Secretary for Health (Management and Budget).

BILLING CODE 4160-17-M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of Policy Development and Research

[Docket No. N-95-3919; FR-3913-N-01]

Notice of Submission of Proposed Information Collection to OMB

AGENCY: Office of Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for expedited review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments must be received within seven (7) working days from the date of this Notice. Comments should refer to the proposal by name and should be sent to: Joseph F. Lackey, Jr., OMB Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Kay F. Weaver, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street, SW, Washington, D.C. 20410, telephone no. (202) 708-0050. This is not a toll-free number. Copies of the proposed forms and other available documents submitted to OMB may be obtained from Ms. Weaver.

SUPPLEMENTARY INFORMATION: This Notice informs the public that the Department of Housing and Urban Development has submitted to OMB, for expedited processing, and information collection package with respect to the Youth Apprenticeship Program Participant Information Form. HUD is requesting a 7-day OMB review of this information collection.

The Youth Apprenticeship Program (YAP) is funded under the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act for 1994. The program provides funding to eight public housing authorities (PHAs) that have previously been awarded grants under the HOPE VI program. The purpose of YAP is to provide training, apprenticeship, and employment for youth living in qualified public and assisted housing through the collaborative efforts of Youth Corps and joint labor management organizations.

Of the \$10 million appropriated to YAP in fiscal year 1994, \$250,000 was set aside by Congress to be used for an evaluation of the program.

The planned evaluation for this program has two principal components—(1) Site specific process evaluation; and (2) participant tracking. The first component will involve interviews with Housing Authority, Youth Corps, and apprenticeship organizations at each of the sites to collect initial performance and planning information. The second component, participant tracking, would use the Youth Apprenticeship Program Participation Information Form to collect information about individuals at four phases of the program:

1. Beginning of Youth Corps component.
2. End of Youth Corps/Pre-employment training.
3. Beginning of apprenticeship.
4. Annually during apprenticeship.

A final evaluation of YAP is planned in three to five years using the data collected from the reporting forms as well as additional on-site visits.

The Department has submitted the proposal for the collection of information, as described below, to OMB for review, as required by the Paperwork Reduction Act (44 U.S.C. Chapter 35):

- (1) the title of the information collection proposal;
- (2) the office of the agency to collect the information;
- (3) the description of the need for the information and its proposed use;
- (4) the agency form number, if applicable;
- (5) what members of the public will be affected by the proposal;
- (6) how frequently information submission will be required;
- (7) an estimate of the total number of hours needed to prepare the information submission including numbers of respondents, frequency of response, and hours of response;
- (8) whether the proposal is new or an extension, reinstatement, or revision of an information collection requirement; and
- (9) the names and telephone numbers of an agency official familiar with the proposal and of the OMB Desk Officer for the Department.

Authority: Section 3507 of the Paperwork Reduction Act, 44 U.S.C. 3507; Section 7(d) of the Department of Housing and Urban Development Act, 42 U.S.C. 3535(d).

Dated: April 21, 1995.

Lawrence L. Thompson,

General Deputy Assistant Secretary, Office of Policy Development and Research.

Notice of Submission of Proposed Information Collection to OMB

Proposal: Information Collection Associated with the Youth Apprenticeship Program.

Office: Office of Policy Development and Research.

Description of the Need for Information and its Proposed Use: This information collection is required in connection with the Youth Apprenticeship Program (YAP). The

YAP is providing funding to eight public housing authorities (PHAs) that were previously awarded grants under the HOPE VI program. The purpose of YAP is to provide training, apprenticeship, and employment for youth living in qualified public and assisted housing through the collaborative efforts of Youth Corps and joint labor management organizations. This information request would be used for local management and national evaluation purposes. It would require grantees to collect information about individuals at four phases of the program:

1. Beginning of Youth Corps component.

2. End of Youth Corps/Pre-employment training.

3. Beginning of apprenticeship.

4. Annually during apprenticeship.

A final evaluation of YAP is planned in three to five years using the data collected from the reporting forms as well as additional on-site visits.

Form Number: None.

Respondents: Participants and managers in the Youth Apprenticeship Program.

Frequency of Submission: 5 times.

Reporting Burden:

Form	Respondents	No. of respondents	Time to complete	Frequency	Burden hours
Survey	Participants and managers in YAP.	366.7	30 min	5 times over 3 years	920 (184 per submit).

Status: New.

Contact: Todd M. Richardson, HUD, (202) 708-0574, Joseph F. Lackey, Jr., OMB, (202) 395-7316.

Part A—Justification

Introduction

The Youth Apprenticeship Program (YAP) is funded under the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act for 1994. The Youth Apprenticeship Program is providing funding to eight public housing authorities (PHAs) that have been awarded grants under the HOPE VI program. The purpose of YAP is to provide training, apprenticeship, and employment for youth living in qualified public and assisted housing through the collaborative efforts of Youth Corps and joint labor management organizations. Of the \$10 million appropriated to YAP in fiscal year 1994, \$250,000 was set aside by Congress to be used for an evaluation of the program.

The planned evaluation for this program has two principal components—(1) site specific process evaluation; and (2) participant tracking. The first component will involve interviews with Housing Authority, Youth Corps, and apprenticeship organizations at each of the sites to collect initial performance and planning information. The second component, participant tracking, would require grantees to collect information about individuals at four phases of the program:

1. Beginning of Youth Corps component.

2. End of Youth Corps/Pre-employment training.

3. Beginning of apprenticeship.

4. Annually during apprenticeship.

A final evaluation of YAP is planned in three to five years using the data collected from the reporting forms as well as additional on-site visits. This request for OMB approval focuses on the second component, which would use the Youth Apprenticeship Program Participant Information Form.

A1.0 Circumstances That Make the Collection of Information Necessary

The Youth Apprenticeship program is a unique program that brings together housing authorities, the Youth Corps, and labor management organizations to provide public housing youth the skills and experience believed to be necessary for long-term employment success. Under this program an agreement must be executed by the PHA, an established Youth Corps, a local labor union and a multiemployer association.

Youth Corps, an organization certified by the National Association of Service and Conservation Corps, provides participants with 6- to 12-month structured adult-supervised work and learning experiences and promotes the development of life and employment skills. The labor management organizations, made up of employers and their employees who are represented by a collective bargaining agent, will operate or administer an apprenticeship and/or job training program. The youth participants live in subsidized housing at or near a distressed HOPE VI public housing site. This program brings together job skills,

job experience, and job connections into a single program.

The Youth Apprenticeship Program Participation Information Form will provide the tracking information on participant progress during the youth corps and apprenticeship that are vital to identifying the outcomes of this program.

A2.0 How and By Whom the Data Will Be Used

A2.1 Purpose of the Data Collection

The purpose of the data collection is to allow HUD and the grantees to track participant progress in the Youth Apprenticeship Program. The Youth Apprenticeship Program Participation Information Form will provide the ongoing information needed to assess the impacts of the program on the participants.

A2.2 Consequences If the Information Was Not Collected

Congress has appropriated \$250,000 specifically for the evaluation of this \$10 million demonstration program. YAP represents a unique opportunity to bring together the organizations that house low-income individuals (PHAs), the organizations that provide job training (Youth Corps), skilled trade unions, and employers. If this tracking information is not collected, this opportunity to assess the impact of a job training to job opportunity program for individuals from extremely distressed neighborhoods will be lost.

A3.0 Use of Improved Information Technologies

Improved information technology has been incorporated wherever feasible to

reduce the data collection burden. HUD is currently developing software so that grantees in the YAP program could collect this tracking information directly on computer. The software is also intended to provide useful participant progress information for the grantees.

A4.0 Efforts to Identify Duplication

HUD's Multi-Family Tenant Characteristics (MTCS) database will be used to observe household change for participants in this program. However, specific data about the participants and their progress in the program would only be available through the Youth Apprenticeship Program Participation Information Form

A5.0 Why Similar Already-Available Data Cannot Be Used

There are no similar already-available data about the participants of this program.

A6.0 Effort to Minimize the Burden for Small Entities

HUD is developing software to ease the data collection burden on the Youth Corps grantees. HUD will also provide technical assistance to the grantees to ease the burden of data collection start-up.

A7.0 Consequences of Less Frequent Data Collection

Data are planned to be collected at four different phases of the YAP program:

1. Beginning of Youth Corps component.
2. End of Youth Corps/Pre-employment training.
3. Beginning of apprenticeship.
4. Annually during apprenticeship.

The first phase, the beginning of the youth corps, is the critical baseline data needed from which to measure all interventions. The second phase, immediately following the youth corps component, identifies the youth corps activities and participant progress. The third phase, the beginning of the apprenticeship, collects basic data about the intended apprenticeship. Finally, the fourth phase will capture participant progress each year during the apprenticeship and note the circumstances a participant leaves the program. Less frequent data collection would lose important parts of the story. Each phase of the data collection is targeted to the points in time the program makes a major change.

A8.0 Circumstances Requiring Deviation from Guidelines in 5 CFR 1320.6

No deviation from the Guidelines in 5 CFR 1320.6 will be required for this data collection.

A9.0 Consultants Outside of the Agency

HUD requested comment on a draft of the reporting form from: the National Association of Service & Conservation Corps; Reno, Cavanaugh & Hornig; the Bureau of Apprenticeship and Training, U.S. Department of Labor; seven of the grantees. Comments were received from:

- the Bureau of Apprenticeship and Training, U.S. Department of Labor;
- Atlanta Youth Corps;
- Housing Authority of the City of Los Angeles;
- Seattle Housing Authority;
- Housing Authority of the City of Atlanta; and
- Civic Works—Baltimore's Youth Service Corps.

HUD considered the comments of each of these organizations and revisions were made reflecting most of their comments.

A10.0 Arrangements and Assurances Regarding Confidentiality

As part of the technical assistance component of this data collection effort, HUD will train the organizations collecting the data on maintaining confidentiality. These data, however, will be available to the program managers to assess individual participant progress. For all other purposes, data will only be presented in an aggregate form to assure the confidentiality of individual participants.

A11.0 Sensitive Questions

Some of the categories under "Barriers to employment or higher paying jobs" may be sensitive for some respondents. The question, however, provides important baseline information on factors believed to have an impact on individuals ability to obtain a job or improve their job situation. Individuals can choose not to report an item they find too personal.

A12.0 Estimated Costs to the Federal Government

The costs for this data collection are included in (1) the grants to the Housing Authorities (approximately \$3,000 each), (2) the software development, and (3) the technical assistance. The estimated cost to the Federal Government is approximately \$174,000.

A13.0 Respondent Burden

Each of the eight grantees will have approximately 50 participants in the program. Different phases of the form will have to be completed approximately 6 times for each participant throughout the program. The form should take approximately 30 minutes to administer. Each phase is likely to lose some participants for one reason or another. For estimation purposes, we will use a 5 percent loss at each phase.

Phase 1=400 participants @ 30 minutes=200 hours

Phase 2=400 participants @ 30 minutes=200 hours

Phase 3=380 participants @ 30 minutes=190 hours

Phase 4.1=380 participants @ 30 minutes=190 hours

Phase 4.2=360 participants @ 30 minutes=180 hours

The total respondent burden for this request is estimated to be 920 hours.

A14.0 Reasons for Change in Burden

Not applicable.

A15.0 Tabulation Plans, Statistical Analysis, Study Schedule and Publication

Baseline data from phase 1 will be aggregated and tabulated as part of the process and planning assessment conducted during the Youth Corps phase of the YAP. A report will be produced based on this analysis. During each phase, the grantees will have modules built into their data collection software that will allow them to look at different cross sections of their participants and over time assess individual and aggregate performance. HUD will collect and analyze the national data at each phase. After 3 to 5 years, HUD plans to use the data along with site visits to conduct an in depth evaluation on the preliminary success of the program.

Part B—Sampling and Response

The purpose of the Youth Apprenticeship Program Participation Information Form is to track all program participants over time to determine the impact of the Youth Apprenticeship Program on each participant.

B1.0 Potential Respondent Universe

All participants in the Youth Apprenticeship Program at the eight housing authorities.

B2.0 Statistical Methods

B2.1 Stratification and Sampling Plans

No stratification or sampling plan is necessary, all participants will be included.

B3.0 Methods to Maximize Response Rates

The form will be administered by the organizations managing the program. In order to achieve a high response rate, the form will be filled out in one-on-one discussion between the grantee and the participant. Because (1) participants are required to be in the office for the YAP program and (2) the information required is similar to many job applications, grantees should have little difficulty gaining cooperation from the participants.

B4.0 Results of Pre-Testing

No pre-testing was conducted. However, numerous practitioners provided comment.

B5.0 Statistical Consultations and Information Collection Agents**B5.1 Consultation on the Statistical Aspects of the Design****B5.2 Information Collection Agents**

All information for this form will be collected by the YAP grantees. Instructions and technical assistance will be provided by HUD or a contractor it designates.
